Introducing Gen-3 Alpha: A New Frontier for Video Generation

June 17, 2024
by Anastasis Germanidis

Watch Demo   Try Gen-3 Alpha
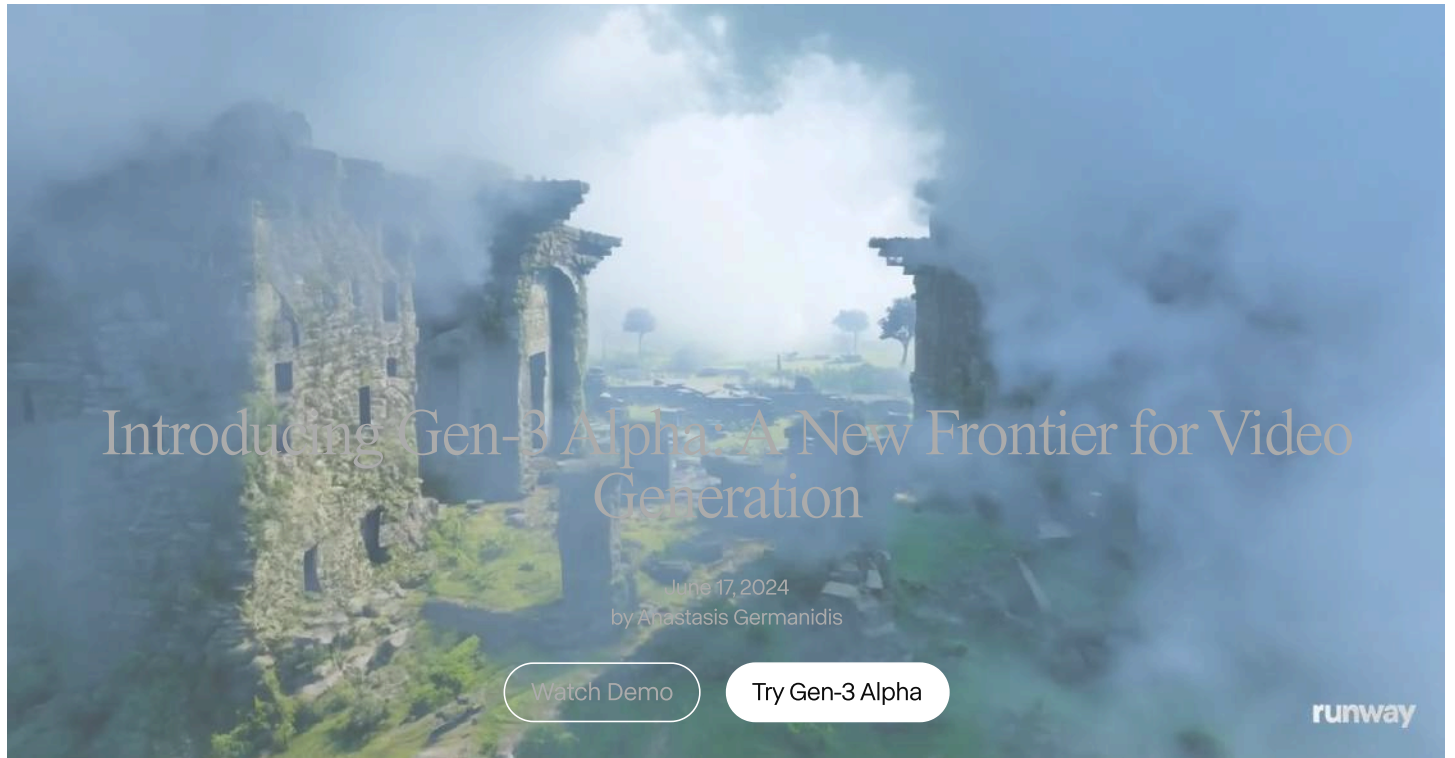

Gen-3 Alpha is the first of the next generation of foundation models trained by Runway on a new infrastructure built for large-scale multimodal training. It is a major improvement in fidelity, consistency, and motion over Gen-2, and a step towards building General World Models.
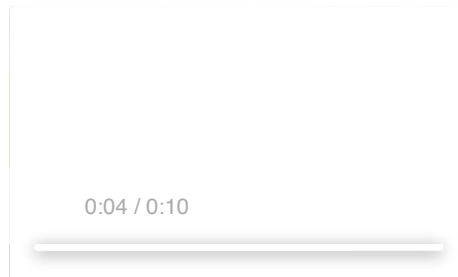

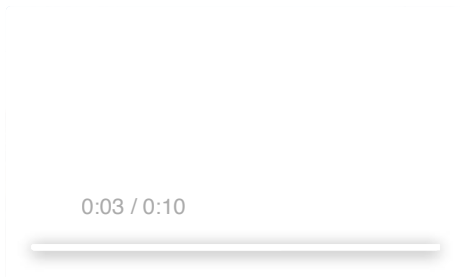

All of the videos on this page were generated with Gen-3 Alpha with no modifications.

Prompt: Subtle reflections of a woman on the window of a train moving at hyper-speed in a Japanese city.

Trained jointly on videos and images, Gen-3 Alpha will power Runway's Text to Video, Image to Video and Text to Image tools, existing ... r ... les such as Motion Brush, Advanced Camera Controls, Director Mode as wel ... c ... tools for more fine-grained control over structure, style, and motion.

Gen-3 Alpha will be released with a new set of safeguards, including our new and improved in-house visual moderation system and C2PA provenance standards.

Photorealistic Humans

Gen-3 Alpha excels at generating expressive human characters with a wide range of actions, gestures, and emotions, unlocking new storytelling opportunities.

Prompt: A cinematic wide portrait of a man with his face lit by the glow of a TV.

For artists, by artists

Training Gen-3 Alpha was a collaborative effort from a cross-disciplinary team of research scientists, engineers, and artists. It was designed to interpret a wide range of styles and cinematic terminology.

Prompt: A man made of rocks walking in the forest, full-body shot.

Industry Customization

As part of the family of Gen-3 models, we have been collaborating and partnering with leading entertainment and media organizations to create custom versions of Gen-3. Customization of Gen-3 models allows for more stylistically controlled and consistent characters, and targets specific artistic and narrative requirements, among other features. For companies interested in fine-tuning and custom models, reach out to us using the form in the button below:
